Vocational Training and Assessment

Standards for Registered Training Organisations (RTO s) 2015

The Australian Skills Quality Authority (ASQA) is the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers to ensure nationally approved quality standards are met.

ASQA uses the Standards to ensure nationally consistent, high-quality training and assessment across Australia's vocational education and training (VET) system. Compliance with the Standards is a requirement for:

- all ASQA registered training organisations, and
- for applicants seeking registration.

ASQA uses the Standards to protect the interests of all students in Australia's VET system. The Standards guide nationally consistent, high-quality training and assessment services in the vocational education and training system. <http://www.asqa.gov.au>

Competency based training

Competency Based Training is based on student demonstrating that they can complete all the elements of the competencies as defined in the course outline, in order to receive a Completion Certificate. These Units of Competency are the set of skills that apply to a particular job function.

Elements

Each unit or module is made up of elements of competency. These are the "building blocks" of the skills required to complete the unit.

Performance criteria

These are the standards of performance, which are required for each element. Each element will require you to demonstrate your skills and knowledge, in a number of ways, to show that you can perform the functions required for the particular job.

Assessment

Your trainer will use a range of methods to gain evidence of your competence. You will be given "Assessment Tasks" that give you the opportunity to demonstrate your skills and knowledge in a number of ways. These may include written and verbal tests, written assignments, case studies and projects, practical "hands-on" tasks, as well as simulations and roleplays.

In this way you are able to demonstrate your competence over a period of time, as you progressively acquire more skills, knowledge and confidence.

The Student Support officer can provide information, advice, and guidance on the types of accommodation services available to students prior to arrival in the case of a need to change arrangements whilst in Australia.

The types of accommodation available in Australia are many and varied and brief descriptions of some of the options are listed below:

This is a common form of accommodation is where students live with an Australian family. Homestay or private board is where you live with a family, couple or single person/s in their own home.

There are many 'Homestay Providers' operating in Australia and these arrangement will vary from Full Board, Part board, or Board in Exchange. The most common arrangements for Home stay will usually consist of a furnished room, two or three meals per day and bills (except telephone and internet). Some Home stay providers may even do your laundry.

Hostels & Guesthouses

Generally, these are temporary accommodation arrangements and are available. Prices will depend on shared facilities, meals provided, shared rooms, etc.

Student Apartment

Student apartments are large centres containing rooms of various sizes (1 to 5 bedrooms). They usually come fully furnished with internet, 24-hour support and often in great locations.

Residential College

Residential colleges are typically located within a short distance from major universities. What you generally get is a fully furnished bedroom which is cleaned weekly, meals, internet and shared kitchen and bathroom facilities. This is a great way to meet people!

Private Leasing/Rentals

The rental market offers a wide range of housing options. Signing a lease on your own for an apartment, flat or house can offer you an independent lifestyle and privacy. You may also plan to stay in this property for the duration of your course.

It can however be very expensive if you choose to live by yourself, as you are solely responsible for the rental payments plus the connection fees for utilities and the non-going bills. Generally, tenants are responsible for connection and usage of water, electricity and gas. Tenants are also responsible for connection and payment of the telephone.

Rental prices vary according to the location and condition of the property. It can be useful to familiarise yourself with the average price of properties in the various suburbs around the Institute. Rental costs usually increase the closer the property is to the city centre.

Rental property prices vary from suburb to suburb. Check realestate.com.au or The Age newspaper for the current cost of renting in Melbourne.

The Tuition Protection Service (TPS)

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

Complete their studies in another course or with another education provider or

Receive a refund of their unspent tuition fees.

"In the unlikely event your education provider is unable to deliver a course you have paid for and does not meet their obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid tuition fees (this is called a provider's 'default obligations'), the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

The reforms aim to protect the considerable investment international students make in an Australian education, and to protect and enhance Australia's global reputation.

Some of the key features are:

A new national TPS which will replace a range of existing tuition assurance arrangements.

A limit of up to 50 per cent of total tuition fees may be collected prior to student commencement (unless the course is 24 weeks or less).

Specified providers to keep initial prepaid fees in a separate account until a student commences study.

Student refunds will be based on unexpended tuition fees (rather than on total course cost as previously)."

More details about these and related reforms can be found at <https://tps.gov.au>

Complaints that the student does not wish to formalise in writing should be recorded on a Student file Cover sheet, which is maintained by the admin department and sits in Admin File of a student.

Each complaint, appeal and its outcome is recorded on the Complaints and Appeals Register, Student Management System and a copy of the Complaints and Appeals Form is placed in the student's admin file.

Action of the outcome of Complaints and or Appeals

Where the complaints or appeals process results in a decision supporting the student complaint acumen Institute of Further Education will within thirty days implement the required corrective/preventative action and advise the student of the outcome. This decision is reviewed internally in the continuous improvement meetings to make appropriate decision on the change in the procedure implemented by acumen that led to the complaint to make sure such scenario does not repeat.

Deferring, suspending and cancelling an enrolment

1. Purpose

The purpose of this policy is to put in place a framework that ensure the processes of Deferring, Suspending or Cancelling the Overseas Students Enrolment is done in line with the standard 9 of the ESOS ACT.

'Registered providers may only enable students to defer or temporarily suspend their studies, including granting a leave of absence, during the course through formal agreement in certain limited circumstances.'

The following procedures will ensure acumen education follows the required process when a student wishes to defer, suspend, or cancel their enrolment with acumen education.

Students are able to initiate deferral, suspension or cancellation of their studies during their stay in Australia only in certain limited circumstances as described below. Students may also have their enrolment suspended due to misbehaviour which can also be grounds for cancellation of studies. Students have the right to appeal a decision by acumen education to defer, suspend or cancel their studies and acumen education will not notify Department of education of a change to the enrolment status until the internal complains and appeals process is completed.

Acumen education may defer an enrolment where the course is not being offered at the proposed Date, site, or any other reason acumen education deems necessary to defer the course.

Where a student has been identified of Academic or General Misconduct the operations manager shall be informed and will make a decision on the penalty and the severity of the penalty. The operations manager may take into account the type of misconduct that has occurred and the level of misconduct that occurred when deciding penalties.

- 1 Where a student has been identified with Academic or General Misconduct acumen education shall ensure the following:
 - Students must be treated fairly, with dignity and with due regard to their privacy
 - Students are to be regarded as innocent of the alleged misconduct until they have either admitted to it or been found by proper inquiry by the operations manager to have so behaved.
 - Past misconduct is not evidence that a student has behaved in the same manner again.
 - Each case is dealt with on its own merits and according to its own circumstances with the provision that the first instance of misconduct will be penalised more leniently than subsequent instances of misconduct.
 - Students are able to access the COMPLAINTS AND APPEALS process if they feel that the decision is unfair or they have other grounds to appeal the decision.
- 2 If the student accesses acumen education's internal complaints and appeals process, suspension or cancellation of the student's enrolment cannot take effect until the internal process is completed.
- 3 The penalties the operations manager can impose are:
 - Academic Misconduct could include a warning, a reduction in grades, receiving zero for an assessment, deemed NYC in the unit, or suspension of enrolment
 - A charge for any costs that the general misconduct may have caused
 - Temporary exclusion from acumen education in the form of suspending enrolment for a period of time.
- 4 Department Of Home Affairs policy is that if a student's enrolment is suspended for a period of 28 days or longer, the student must return home (unless special circumstances exist). Please refer all questions about whether students may remain in Australia during a period of suspension of enrolment to Department of affairs.
- 5 Where the severity of misconduct is severe, the operations manager may decide to cancel the enrolment
6. Provider Cancellation

In some cases where the student's misconduct is severe, acumen education has the right to cancel the enrolment.

Non-payment of fee

In relations to the non-payment of fees the student will be sent out only one warning letter (where the student fails to pay tuition fees within 7 days of due date and the amount exceeds \$500) informing them that they have 20 working days from the date after 2 days of issue to access the Acumen's complaints and appeals process. If the complaint and/or appeal are not upheld, or the student withdraws from the complaint and/or the appeal process, then Acumen must report the student to Department of Home affairs. The suspension or cancelling of the student's enrolment cannot take effect until the appeal process is completed unless there are extenuating circumstances relating the student's welfare.

Non-Commencement of enrolment

When the student does not attend the orientation a student support officer will try to establish contact with the student through a telephone call and if the contact was not established for two weeks or fourteen days the students qualifies to be reported on the basis of non-commencement. Then Acumen must report the student to Department Of Home affairs

When the student was due to commence studies but has not arrived in Australia nor contacted the Institute within 2 weeks of the semester's Start date to explain the reason for his or her non-commencement of studies and they have not notified Acumen in writing, is eligible for being cancelled on the basis of non-commencement. The student who has not returned from semester break and has not paid the next semester's fees and has not contacted acumen within 2 weeks of the semester's commencement date to explain the reason for his or her non-commencement of studies is also eligible for being cancelled on the basis of non-commencement. In this case, no Notification of Intention to Cancel or suspend the student's enrolment letter will be issued, as the Institute has assumed that the student, by not paying his or her fees and not contacting Acumen, has indicated "inactively" that he or she will not be continuing with his or her studies.

Where the operations manager has decided the misconduct is severe enough for cancellation the following must occur:

- The student must be informed in person (where possible), and in writing of the decision of acumen education to cancel the student's enrolment
- They must be informed of the fact that they have the right to appeal the decision by accessing the COMPLAINTS AND APPEALS and completing this appeal within 20 working days of the notification
- If the student accesses acumen education's internal complaints and appeals process, suspension or cancellation of the student's enrolment cannot take effect until the internal process is completed.
- Students must also be informed that acumen education is obliged to inform Department of education / Department of Home affairs via PRISMS after the 20 working day period and that they will be at risk of having their Visa cancelled.

7. PROCEDURE FOR RECORDING AND REPORTING DEFERMENTS, SUSPENSION OR CANCELLATION OF ENROLMENTS
- All 9.1 Defer, Suspend or Cancel Enrolment form and outcomes are to be kept in the Student file.
 - All reports of misconduct, decisions and actions taken in relation to misconduct, and other related documentation must be kept in student file.
 - Any decisions to initiate deferral, suspension or cancellation of an enrolment must be reported to Department of education / Department of Home Affairs via PRISMS.
 - Students are to be kept informed of any decisions or outcomes that relate to a deferral, suspension, or cancellation of enrolments.
 - All students are to be given the opportunity to access the complaints and appeals before reporting any provider initiated suspensions or cancellations of enrolments via PRISMS occurs. The students have 20 working days to lodge a Complaint or an Appeal.
 - Where a student decides to access this procedure within 20 working days of notification acumen education must wait until the process has finished before going ahead with the reporting of the student's enrolment changes via PRISMS.
 - Identifying and entering the appropriate dates in PRISMS such as the last day of study and termination dates for different circumstances (i.e. student notify of seizure of study, provider initiated cancellations) have to be determined based on the annexure 3 after this policy.

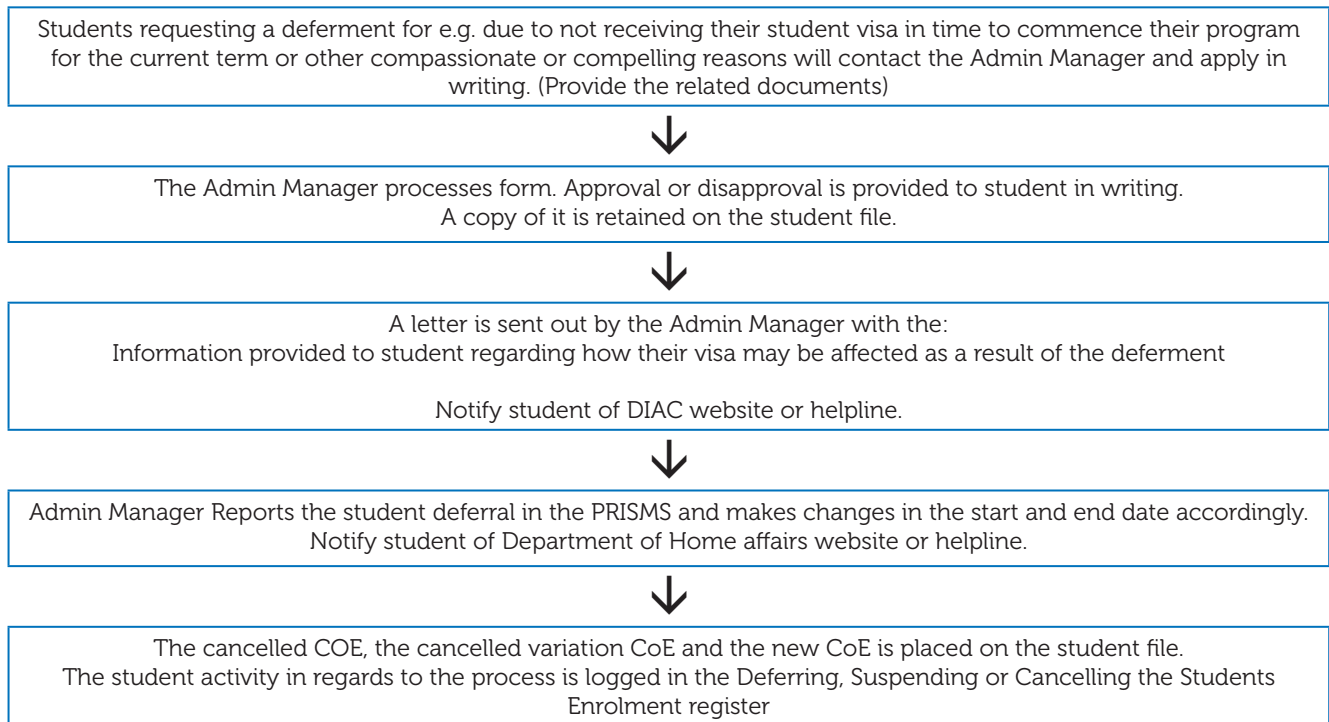

Responsibility:

The Admin Manager is responsible for the implementation of this procedure and to ensure that staff and students are aware of its application and that staff implements its requirements and is responsible for ensuring that PRISMS are notified of any deferral, suspension or cancellation.

5.0 SATISFACTORY COURSE PROGRESS

Successfully completing or demonstrating competency in more than 50% of the course requirements in a given term is considered to be satisfactory course progress. The duration of each course term varies based on the length of the course. For specific details, please refer to Annexure 2 at the end of this policy. For example, courses with shorter durations will have correspondingly shorter terms, allowing for systematic monitoring of course progress at regular intervals.

Acumen Education will, however, monitor the workload of students to ensure they complete the course within the duration specified in their CoE.

Course Progression Monitoring

Acumen Education monitors, records and assesses the course progress of each student for the course in which the student is currently enrolled in accordance to the Department of Education and Training- Department of Home Affairs course progress policy. Acumen Education assesses each student's progress during and at the end of each term.

Acumen Education expects the students to actively participate in class activities by attending classes regularly, undertaking all assessments and demonstrating a high level of practical skills where required. Prior to the commencement of a course and during Orientation, Acumen Education provides each student with a Training Plan incorporating the units for each term and information on core units, which are to be completed compulsorily to achieve the qualification. Instructions are provided to the students explaining the importance of adhering to the training plan and the consequences of falling behind in course progress. At the orientation stage the student is also provided with information on the support services available to achieve satisfactory course progress.

Each student at Acumen Education is allocated a Student Support Officer (SSO) who will be responsible for monitoring the course progress and wellbeing of the student throughout the enrolment. Acumen Education also provides appropriate levels of support for all students to enable them to achieve their full potential through regular feedback from trainers and assistance from the SSO. This support includes both personal and academic assistance. Students are responsible for staying informed about the support options available to them and should utilize these resources as needed.

Acumen Education will assess each student's progress during and at the end of each term. Course progress monitoring is done on a monthly basis. Students whose commencement does not align with the start dates will have their progress assessed for the remaining duration of the term, for example: student begins in week 5 of a 10-week term shall have their course progress monitored for units of competence in the remaining 5 weeks of the compulsory term.

Course requirements have been defined for each term so that Acumen Education can identify the students who are at risk of not meeting satisfactory course progress requirements. If a student is identified as at risk of not making satisfactory academic progress, the intervention strategy as outlined below will be implemented.

At a minimum, the intervention strategy shall be activated where the student has failed or is deemed not yet competent in more than 50% of the units attempted in any term. Acumen Education has listed the circumstances where the early interventions will be triggered.

Where Acumen Education has assessed the student as not achieving satisfactory course progress even after the early intervention strategy, in a second consecutive term, Acumen Education shall notify the student in writing of its intention to report the student for not achieving satisfactory course progress.

The written notice will inform the student that he or she is able to access Acumen's Complaints and Appeals process and that the student has 20 working days in which to do so.

A student may appeal on the following grounds:

- Acumen's failure to record or calculate a student's result accurately,
- Compassionate or compelling circumstances, or
- Acumen Education has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.

Note: If the student accesses Acumen's internal complaints and appeals process, suspension or cancellation of the student's enrolment cannot take effect until the internal process is completed.

Where the student's appeal is successful, the outcomes may vary according to the findings of the appeals process. Possible scenarios of outcomes are:

- i. If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress, Acumen Education does not report the student, and if required provides intervention to the student to help them complete the qualification in time.
- ii. If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons for the lack of progress, ongoing support is provided to the student through Acumen education's intervention strategy and the Institute does not report the student.

Acumen Education notifies the Department of Home Affairs through PRISMS as soon as practicable of the student not achieving satisfactory course progress where:

- i. The student has chosen not to access the complaints and appeals processes within the 20 working day period,
- ii. The student withdraws from the appeals process, or
- iii. The process is completed and results in a decision supporting Acumen Education (i.e. the student's appeal was unsuccessful).
- iv. Though, Acumen Education subscribes to the Department of Home Affairs approved Standard 8 of the National Code 2018, 'Monitor Course progress', it is strongly recommended that students maintain attendance of all scheduled classes, as all vocational courses are competency based and are evaluated on formative assessments such as class activities, observation, practice, demonstration, oral or written

questioning to build and check the skills required, underpinning knowledge and attitude. Summative/final assessments are conducted, to deem them "Competent" or "Not Yet Competent" in each "Unit of Competency" as per Unit of Competency requirements

6.0 STEPS FOLLOWED TO MONITOR AND ENSURE SATISFACTORY COURSE PROGRESS

Acumen Education has an intervention strategy for any student who is not making satisfactory course progress. It is made available to staff and students and it specifies:

- i. Procedures for contacting and counselling students;
- ii. Strategies to assist identified students to achieve satisfactory course progress; and
- iii. The process by which the intervention strategy is activated.

Procedure to contact

Communication to the students identified as not making satisfactory course progress would be by the following means:

- The respective SSO (Student Support Officer) informs the student about the early intervention strategy devised, by phone or e-mails sent by Acumen education
- Throughout the intervention the student is constantly informed of the consequences arising from not being able to achieve satisfactory course progress by the SSO
- When a decision has been taken to report a student, the institute informs the student in writing of the intention to report to Department Of Home Affairs and also advises them of their right to appeal this intention and explains the procedure for appeal.

7.0 RECORDING STUDENT ACADEMIC PERFORMANCE

The student's academic performance shall be recorded using the 'Student Academic Performance Record Sheet'. This spreadsheet will calculate the course progress % for the term based on the total number of units that are required to be assessed and the outcome of the assessed units.

All students shall be deemed 'Competent (C)' or 'Not Yet Competent (NYC)' for each unit within the qualification they are enrolled in based on the outcome of the unit. The assessment shall be conducted by qualified trainers / assessors using the

RTO's assessment tools/methods and recording processes as required. Academic results are recorded on the My Acumen portal once the trainer has finished assessing the unit

It is the responsibility of the admin manager along with MIS team to ensure the course progress report is published on monthly basis

Term 1				
Student Name	Student No.	Number of Units Assessed 'Competent'	Number of Units Assessed 'Not Yet Competent'	Course Progress (%)
John Citizen	SAEXXXX	4	2	66.67%

The trainer along with the SSO is also responsible for identifying any students at risk of not achieving satisfactory course progress. Trainers will monitor the class participation of the student and academic progress of each student.

8.0 RECORDING STUDENT ATTENDANCE

Acumen Education understands that satisfactory course progress cannot be achieved when a student does not attend and participate in classes adequately.

The trainer takes attendance in a class and marks on the attendance sheet and in the process is vigilant of students who have low attendance or those who have not attended classes for three consecutive days. When an observation has been made that the student is absent for three consecutive days, the trainer leaves a note for the SSO to contact the student. Once the student is contacted by the SSO early intervention has commenced. At this stage 8.1 warning letter is triggered via My ACUMEN portal

Additionally, consolidated weekly attendance reports will be shared with SSO and trainers every week. Students who missed 3 classes consecutively in the previous week will be identified by the Admin Manager as potentially at risk of not meeting satisfactory course progress. SSO calls these students and tries to uncover and understand the reasons for the students' absence and will provide any required help or support to ensure the student stays on track going forward.

9.0 STUDENT FALLING BELOW 75% ATTENDANCE

The attendance records are monitored by the SSOs for the students they are responsible for. Monitoring of attendance is done on a monthly basis. When it is identified that student is below 75% attendance for the previous month the SSO sends the warning letter 8.1 for lack of Course progress, attendance and informs the student that they could fall behind in their course progress. The student is also called by the SSO and is asked to come in for a meeting to discuss any issues that the student may be facing and provide support where required.

For examples of scenarios and different strategies to support students (help options) please read Annexure 1

10.0 WHEN IS EARLY INTERVENTION STRATEGY INITIATED

Acumen Education monitors the student's course progress from the initial stages of the enrolment. Acumen Education understands that each student is different and the support needed for each student to complete their course successfully also varies. Although course progress is monitored in accordance to the Department of Education and Training- Department of Home Affairs course progress policy, Acumen Education also monitors attendance of the students. It is evident that the course progress of the student cannot be satisfactory when the student does not attend classes and so student attendance is a strong indicator of how the student is progressing in the course they have enrolled in.

Early interventions are done in the following scenarios:

- Attendance - Student who misses class for three consecutive days will be identified and will be called by the SSO and an early intervention for the student will be triggered
- Participation in class - Acumen Education believes that student participation in various activities conducted in the class is essential and is also a good indicator of how the student is progressing in the course they are enrolled in. When a trainer identifies that although a student is attending classes but is not participating in the activities or is having difficulties in understanding what is taught in the class, the trainer intimates it to the corresponding SSO and intervention is triggered for the student.
- Not Competent Result-Acumen Education monitors the course progress on a unit level. If a student fails in one of the assessment of a unit, the trainer and assessor will provide feedback to the student in relation to the assessment. If the trainer/assessor finds out that the result of the assessment is due to a reason that needs intervention, the matter will be reported to the SSO and early intervention will commence. At an instance when the student fails in the final outcome of the entire unit an early intervention is triggered.

Students of Acumen Education who are at risk are identified in the earlier stages of their study using the steps outlined above. In circumstances where the student is not identified in the early stages due to lack of indicators, the students'

progress is assessed based on the policy every month and at the end of the term. If a student is identified for the first time as not making satisfactory course progress, the intervention strategy is implemented.

11.0 MONITORING STUDENT ACADEMIC PERFORMANCE

The SSO in association with Administration Manager will monitor student academic performance and report any issues, as outlined below to the Operations Manager. This monitoring will occur once per month and will be supported by the SSOs who will also monitor the student's academic progress regularly and will be involved in the counselling and reporting process as outlined below.

Student who has been identified by the trainer and assessor that they may be at risk of falling behind on course progress due to lack of participation in class

It is in the job role of a trainer and assessor that they should be vigilant at all times to identify students who might be at a risk of not achieving satisfactory course progress. The indicators of student who might be at risk could involve but not limited to

- Student not participating in class activities
- Change in students' behaviours in class and showing no interest in class
- Student proactively mentioning issues he or she is facing
- Student failing in one assessment of a unit

Student fails in a unit in a term

When a student fails a prerequisite unit it is considered as a high priority event that needs to be addressed. The SSO organizes a meeting with the student to discuss and understand the reason/s for failure along with the trainer. It is identified if the student needs to re do the assessment, resit the exam or the student needs to restudy the unit. Dates for the same are finalized by the SSO in coordination with the Administration Manager and this information is provided to the student. If it has been identified that the student requires any additional support such as additional training or LLN support, the SSO organises it for the student.

Each month the admin manager will review the academic progress of all students along with their attendance records and monitor the following points

Any student falls below 60% academic progress for a single term

Student's shall be sent a "8.1 Poor Academic Performance during first term" letter indicating that they have fallen below 60% academic performance for the term to date, and failure to achieve competency in further units in the current term may result in failing to achieve academic progress for the term. Failing to achieve this academic progression in two consecutive terms will be deemed as breach of Visa requirements and be reported to Department Of Home Affairs. (See 8.1 Poor Academic Performance during first TERM)

When a student's projected academic progress falls below 50% for a single term

When a student's academic progress falls below 50% for a single term a '8.2 Poor Academic Performance letter' is triggered by My ACUMEN indicating the student has to contact the college and organise an appointment with the SSO to discuss their poor academic progress and strategies to ensure they stay above the 50% academic progress requirement for the following Term. (8.2 Poor Academic Performance in 1 TERM.)

If the student does not start showing positive response to the strategy in 2 weeks from the intervention, SSO will seek support from the operations Manager. Operations Manager has a meeting with the student in presence of the SSO to ensure student has understood the consequences of not adhering to the intervention strategy. In the process if the Operations Manager learns that the student has personal issues because of which he or she is unable to concentrate, he provides support or makes reasonable adjustments to allow student to catch up.

Please refer to the Course Progress flow chart for the complete process.

Any student who is below 75% academic progress in their current term after falling below 50% in their previous term

Students shall be sent an '8.3 Poor Academic Performance during second TERM' notifying they are at risk of breaching their requirement to maintain academic progression for each term they are enrolled. They are informed they have fallen below 75% academic progress in the current term after falling below the required academic progression in the previous term. They are informed that if they fall below the required academic progression in two consecutive terms they will be reported to Department Of Home Affairs

They are also informed that they are required to organise an appointment with the admin Manager to discuss their poor academic progress and strategies to ensure they stay above the 50% Academic requirement for the term. (See 8.3 Poor Academic Performance during second TERM)

The admin manager holds a meeting with the student in presence of the SSO to ensure the student has understood the consequences of not adhering to the intervention strategy. In the process if the Operations Manager learns that the

student has personal issues because of which he or she is unable to concentrate, they provide support or make reasonable adjustments to allow student to catch up.

Please refer to the Course Progress flow chart for complete process

When a student's projected academic progress falls below 50% for 2 consecutive terms

My acumen portal triggers '8.4 poor academic performance letter and 8.7 breach recorded letter indicating they are going to be reported to Department Of Home Affairs for unsatisfactory academic progress in their course of study. They are informed that this has occurred as they have failed to be deemed Competent in more than 50% of the units for two consecutive terms.

They are also informed of their ability to access the appeals and complaints process and have 20 working days to do so. (8.7 Breach recorded letter)

If the student accesses Acumen's internal complaints and appeals process, suspension or cancellation of the student's enrolment cannot take effect until the internal process is completed.

If the student does not go through any appeal or complaint process within 20 working days, the report shall be submitted via PRISMS. (ESOS 8.7)

Monitoring the Intervention process

Student who are under the intervention strategy are monitored on a regular basis. The SSO does a fortnightly intervention meeting (face to face or over the phone) with the identified student's. Following aspects are reviewed and discussed as part of the intervention meeting:

- a) Attendance during the intervention phase
- b) Academic involvement and
- c) Course progress

This allows the SSO and trainer to have visibility of how the student is progressing during the intervention process. The SSO also shares a progress update with the Operations Manager on these students' performance every fortnight.

If it is noted that the student is not following the intervention strategy, a meeting is scheduled with the Operations Manager who speaks to the student and identifies the reasons for failure, at this point a tailored intervention strategy is designed to provide the student with all the required support ensuring satisfactory course progress. During this meeting the Operations Manager clearly articulates the consequences of not meeting satisfactory course progress. Also advises the student that this can be breach of VISA conditions and he is at risk of being reported if there is no improvement

Steps followed as part of intervention process

The Intervention Strategy is activated when a student is identified as being "At risk of not making satisfactory progress" or making "Unsatisfactory course progress for a particular term". When a student is identified as being at risk, the system flags the student by generating the appropriate letter in the student portal and the intervention strategy is activated. The SSO follows the below procedure for intervention:

- i. Contacting the student by telephone to arrange for an appointment.
- ii. Ensuring that if initial contact has been unsuccessful a contact log will be maintained
- iii. Meeting the student to obtain information/ validation underpinning unsatisfactory course progress using the feedback form 8.5 Course Progress Feedback.
- iv. Offering counselling/support/advice with a view to improving student wellbeing/course progress.
- v. Setting reasonable boundaries and or deadlines on a case by case basis (if so required) to which the student must adhere. Reasonable boundaries and or deadlines include:
 - Timeframes set by the SSO by which assignments/ assessments must be submitted ensuring all evidence of constraints and impediments are considered.
 - Timeframes by which documented evidence such as valid medical certificates, medical prescriptions, airline tickets and death notices must be submitted (in English).
 - Timeframes indicative of good intent with regard to course progress.
- vi. Communicating timeframes and outcomes with trainers
- vii. Informing the Administration Manager and Academic staff about intervention outcomes.
- viii. By discussing further options on how to progress in the event, intervention has been unsuccessful
- ix. Documenting and completing any student counselling documents if required

Although timeframes are case specific and may therefore vary from student to student, if second and third intervention meetings are required, they should be scheduled two to three weeks apart. However, the above mentioned allocated timeframes must correspond to the course duration, meaning that the duration of intervention and stipulated timeframes will be greater for 40 week courses than for 20 week courses.

- Successful intervention is indicative of a marked and lasting improvement in academic progress.
- For intervention to be deemed unsuccessful, a student typically has not adhered to timeframes and or requirements as set out in the intervention meeting(s) and will, as a result, be at an increased risk of not meeting course progress requirements.

Early Intervention and Intervention strategies includes provision for:

- i. Where appropriate, advising students on the suitability or otherwise of the course in which they are enrolled
- ii. Opportunities for participating in further counselling. Potential for restructuring their program, including deferment subject to compassionate and compelling circumstances supported by documentary evidence
- iii. Reasonable adjustments like below will be made for students where required:
- iv. Make training and assessment materials and methods more accessible.
 1. Training and assessment methods that suit most Students may hinder access for some Students with a disability. Acumen Education is able to present information through a range of methods to assist Students with a disability.
 2. Adapt the physical environment and equipment to better suit the Student with disability
- v. LLN support will be organised for students who need additional assistance
- vi. Amending / delaying payment plan to accommodate in case the students site financial hardships

Consequences of unsatisfactory course progress

- vii. Assisting students by advising of opportunities for the students to be reassessed or re-conducting of assessments for tasks or re-enroll in units or subjects in which they were assessed as "NYC", or demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency
- viii. Advising students that unsatisfactory course progress in a second consecutive term could lead to the student being reported to the Department Of Home Affairs and cancellation of his or her visa,
- ix. if the student does not respond to the intervention strategy devised for him or her either during or at the end of the term depending on the outcome of any appeals process"
- x. Usefulness of undertaking additional English Language training or assistance if required
- xi. Referring students for external support and welfare services such as:
 - a. counselling – personal issues
 - b. legal services
 - c. emergency and health services
 - d. facilities and resources
 - e. complaints and appeals processes
 - f. any student visa condition that relates to the course they are studying

Once Acumen Education identifies that a student is at risk of making unsatisfactory course progress before the end of the term, it will implement its intervention strategy.

When can a student Re-sit/Resubmit of assessment tasks

Not Yet Competent

If a student is not able to demonstrate the attainment of all of the required competencies of the unit, the result for that unit will be recorded as Not Yet Competent on My ACUMEN, which means that the student has failed the Unit.

In such a situation, and with regards to recording and supporting course progress, the following actions could occur

- If a student has successfully completed at least 50% of the required assessment tasks for the unit, a "Not Yet Competent" will be recorded, however this situation could be managed within the term by the trainer/s to support the student becoming Competent in the Unit. This could include the implementation of Intervention Strategies as per the Course Progress Policy and Procedures.
- If the student is not yet competent in more than 50% of the assessment tasks, a "Not Yet Competent" will be recorded, and the student will need to repeat the unit/module. This effectively means that the student in this situation is deemed to have "failed" the unit.

Student absence

- If the student is absent with an acceptable documented reason
If a student is absent from an assessment task due to illness or other circumstances, and the student can provide documentation to explain the absence (for example, a medical certificate), the student will then able to arrange a time with the teacher/trainer to re-sit/ or submit the assessment during the term. It is expected that the student will comply with the arrangements made for the re-sit or submission of the assessment task. If the student does not comply with the arrangements made, then a Not Yet Competent will be recorded. There are no costs to the student in this situation.
- If the student is absent without an acceptable documented reason
In this situation a Not Yet Competent will be recorded for that assessment task and the procedure outlined in above could become relevant at the end of the term.

Re sits/re submits of assessment tasks – outside the academic delivery term in which the assessment was scheduled
To "re sit" means, to undertake an assessment task which has not previously been attempted by the student in the term in which the unit was delivered. The task needs to be developed by the trainer, and the assessment to be supervised by the trainer. It occurs outside the academic term in which the task was scheduled.

To "re submit" means to submit an assessment task again that has previously been assessed as Not Yet Competent because the student has submitted the task, but they were assessed as not yet competent, and they now wish to Undertake the assessment outside the academic term in which the unit was delivered in order to reach competency.

12.0 PROCEDURE FOR APPLYING FOR A RE SIT/ RE SUBMIT

Please note that trainers/assessor are under no obligation to hold re-sits, or grant extensions or allow re-submits of work when students can provide no documentary evidence to explain why the assessment task was not completed by the due date. However, in order to manage students to achieve satisfactory academic course progress, and as part of Intervention Strategies to support course progress students are able to apply to re sit/re submit outstanding assessment tasks.

If a student wishes to apply for a re-sit or re submit of an assessment task as described in above, the student should:

- a) When the learner receives an "Unsatisfactory" result for an assessment, he/she is given 2 more opportunities to resubmit the work. To be granted in excess of 3 submissions, will attract a \$200 fee each time. If learners are re-submitting the assessment, they will only be re-assessed on the components of the activity initially determined as "Unsatisfactory". To ensure equity and fairness of assessment for all learners, re-submission activities will vary from those originally set by the assessor.
- b) The trainer will then re-schedule the re sits/resubmits.
- c) The trainer will provide feedback to the student as to the outcome of the re-sit/re-submit
- d) My ACUMEN portal records the updated outcome of the unit .

Reporting 'Breach of Student Academic Progress

If Acumen Education identifies a student as not making satisfactory course progress in a second consecutive term in a course, Acumen Education notifies the student of its intention to report to Department Of Home Affairs for unsatisfactory progress.

The written notice (of intention to report the student for unsatisfactory progress) will inform the student that he or she is able to access Acumen Education's complaints and appeals process under Standard 8 and that the Student has 20 working days in which to do so.

Complaints and Appeals Procedure

A student may appeal on the following grounds:

- a) The Institute's failure to record or calculate a student's course progress accurately
- b) Compassionate or compelling circumstances or
- c) The Institute has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student

Appeals against the Institute's intention to report must be made in writing within 20 working days and will be heard by the Academic Progress Committee. A support person may accompany the Student. A decision will be made within five working days of the appeal, and a written statement of the decision will be provided to the student.

If a student does not respond to the intervention strategy devised for him or her or the student is 'NYC' (Not Yet Competent) in critical/pre-requisite units at the end of a term, and based on the opportunities given to the students and the students lack of improvement or otherwise, as seen in the context of the current loading and cannot progress to the second term, a decision could be arrived at, for determining whether a student should be reported to Department Of Home Affairs or not. Admin Manager or Operations manager is responsible for arriving at this decision.

Where the student's appeal is successful, the outcomes may vary according to the findings of the appeals process:

- a) If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress (successfully completed 50% or more of the course requirements for that term), the Institute will not report the student
- b) If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons supported by documentary evidence for the lack of progress, ongoing support will be provided to the student through the Institute's intervention strategy and the student will not be reported

All records of intervention strategies, appeal process and reporting will be maintained in the student folder on My Acumen.

If the appeal is not successful, based on the operations managers advice, the admin manager will report the student to Department of Home Affairs through the PRISMS system after the decision has been made for the appeal. At this time the Student Administration Officer will remind the student of the Institute's Complaints and Appeals Procedure (incorporating an appeal to an independent external third party) which the student may choose to access.

Flow Chart – Course Progress Policy Implementation

Completion within expected duration of Study Policy & Procedure

Purpose

The purpose of this policy and procedure is to monitor the enrolment load of students at all times to ensure they are able to complete the program within the duration specified on their Confirmation of Enrolment (COE); and to make sure to extend the duration through the issuing of a new COE in limited circumstances only.

This policy and related procedure relates to the monitoring of students' academic performance and the consequent procedures for reporting to DHA of unsatisfactory performance.

Scope

This policy applies to all staffs of acumen education that are responsible to monitor Student Course Progress, Student Attendance and support ESOS Standard 8.

Policy

This policy/procedure supports 'Standard 8 – Completion within expected duration' of the 'National Code of Practice for Registration Authorities & Providers of Education & Training to Overseas Students 2018'

To enable compliance with the National Code 2018 (Standard 8), international students are required to complete their studies within the expected duration of the program, as specified on the student's Confirmation of Enrolment (COE).

The following procedures ensure that students complete their studies within the expected duration of the course and Acumen only extends the duration in the circumstances outlined in Standard 8 of the National Code of Practice for providers to international students.

Definitions

CoE:	Confirmation of Enrolment - A document provided electronically, which is issued by the registered provider to intending overseas students and which must accompany their application for a student visa. It confirms the overseas student's eligibility to enroll in the particular program of the registered provider.
Compassionate or Compelling Circumstances:	Compassionate or compelling circumstances are generally those beyond the control of the student and which have an impact upon the student's program progress or wellbeing. These could include, but are not limited to: Serious illness or injury, where a medical certificate states that the student was unable to attend classes; bereavement of close family members such as parents or grandparents; Major political upheaval or natural disaster in the home country requiring emergency travel when this has impacted on the student's studies; or A traumatic experience which could include: Involvement in, or witnessing of a serious accident; Witnessing or being the victim of a serious crime. <ul style="list-style-type: none"> • When this has impacted on the student. (Note these cases should be supported by police or psychologists' reports) • where the registered provider was unable to offer a pre-requisite course/unit; or • Inability to begin studying on the program commencement date due to delay in receiving a student visa.
Course / Unit:	Component of a program of education or training.
CRICOS:	The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) is the register prescribed under Section 10 of the ESOS Act.
Expected Duration:	For the purposes of Standard 8, the expected duration of a course is the duration of the course as registered on The Australian Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). The expected duration for overseas students is not different from the expected duration for domestic students. The expected duration is specified on the students CoE.
PRISMS:	The Provider Registration and International Student Management System (PRISMS) is the system used to process information given to the Secretary of Department of Education by registered providers.

Procedure

- Students are required to complete their studies within the timeframe indicated on their COE and student visa. Acumen shall endeavor to ensure all students are given an opportunity to complete their studies within this timeframe. A copy of each student's COE will be kept on the student's file and variations to the COE will also be retained within the student file. Student will be enrolled in a minimum of 20 hours per week of study.
- Acumen does not provide any distance or on-line learning (for international students) to ensure the ability to maintain contact with students and monitor any issues that students may have.
- All students are required to attend the Institute on a full-time basis to ensure they meet the attendance requirements. This Academic Progress is monitored as indicated in the Monitoring international students' academic progress Policy and Procedure.
- Additional charges will apply where the student requests for extension of the COE. Charges are determined based on the annual course fee on a pro-rata basis.
- Acumen will only extend the duration of the student's study where it is clear that the student will not complete the course within the expected duration, as specified on the student's COE, as a result of:
 - a. Compassionate or compelling circumstances (for example illness where a medical certificate states that the student was unable to attend classes or where the registered provider was unable to offer a pre-requisite unit);
 - b. The registered provider implementing its intervention strategy for students who were at risk of not meeting satisfactory course progress; or
 - c. An approved deferment or suspension of study has been granted under Standard 9
- Acumen education will follow the steps outlined in the following policies and procedures where a student is identified of the above circumstances:
 - a. Monitoring international students course progress
 - b. Deferring, Suspending or cancelling the students Enrolment
- All meetings must be documented and any strategies arranged must also be documented.
- All changes to a student's course duration is to be reported to the Department of Home Affairs via the PRISMS reporting system and records / documents of reasons and the decision process to be kept in student files.
- If acumen education extends the duration of the student's enrolment, acumen will advise the student to contact Immigration to seek advice on any potential impacts on their visa, including the need to obtain a new visa.

Plagiarism

Plagiarism is the copying or imitation of someone else's work or ideas without acknowledging its original source. This includes obtaining information from books, the internet and from fellow students. This can sometimes happen when students study together and write down exactly the same information as each other when answering a question. Plagiarism is regarded as cheating and severe penalties may be imposed i.e. failing a unit of study if a student is found to have plagiarised work.
